

Supply chain specialists for the cannabis industry

Providing secure transportation and  
wholesale distribution services

# Serving the cannabis industry across all of Massachusetts

## Expertise you can trust

With decades of combined experience in logistics, transportation and regulatory compliance in Massachusetts, EET is ready to handle your cannabis transportation needs. Of course you can create and manage your own fleet. But why not save money and time and let EET's transportation experts handle it for you?

- Reliable, secure cannabis transport
- Experts in regulatory compliance
- Robust insurance protection and risk management
- Specialized, refrigerated and secure fleet of delivery vans

## Pricing starts as low as 3% of wholesale

Pricing is contingent on many factors, call today to learn more.

You focus on your core business, producing the best cannabis products, and we deliver it on time and in compliance with every regulation.
